Daninne,

Thank you so much for your email; I also enjoyed talking with you after last month's stakeholder meeting! Just returned to the office today after being in Silverton all last week; very cold and wet week there! At this moment, it appears my schedule is not going to work for the time you are in Denver as I will be out of the office most of this week. That being said, I hope we can connect by telephone or in person sometime soon. Thanks again for contacting me and let's stay in touch.

Jennifer

Subject: Follow-up

Hello Jennifer!

It was a pleasure meeting you at the Animas River Stakeholder's Group meeting a few weeks ago. It was nice to chat and seems like we have quite a bit in common! I apologize for missing your call the other day as well as, missing seeing you in town.

I am currently in Pennsylvania putting the finishing touches on a small environmental consulting project and also some seasonal farm work on my property here. I will be back to Colorado on Monday and will actually be in Denver from the 22nd to 25th. If you would like to get together during that time for coffee or something please let me know.

As I mentioned to both you and Sabrina, if you girls need my help with anything please let me know. I have a passion for and a lot of experience in the environmental profession and also live in San Juan County. It is quite the undertaking you have going on!

I can be reached at (412) 735-2634 or daninneegizio@yahoo.com. Please feel free to contact me at any time.

Have a great weekend!

Daninne
